

Blue Ribbon Classic Culinary Camp

This camp encompasses favorites that are typically inexpensive, uncomplicated, and easy to prepare. In addition to a brief sojourn into ethnic foods, this camp will focus on practical meals and homemade favorites. These dishes are particularly good for young people when they need to keep costs down. Your young chef will rub elbows with many professional chefs all week long becoming competent and proficient in the kitchen by actually practicing hands-on culinary skills with them for five hours a day!
